Italy

Italy, a European country with a long Mediterranean coastline, has left a powerful mark on Western culture and cuisine. Its capital, Rome, is home to the Vatican as well as landmark art and ancient ruins. Other major cities include Florence, with Renaissance masterpieces such as Michelangelo's "David" and Brunelleschi's Duomo; Venice, the city of canals; and Milan, Italy's fashion capital.

The grey wolf is ITALY'S national animal.

ROME

ROME is the capital city of ITALY. It is a city full of many ancient artefacts for example, the Colosseum.

Rome was built between **72 A.D** and **80 A.D** under the **Emperor Vespasian**, in the heart of Ancient Rome.

The Colosseum was made from **stone** and **concrete**, this magnificent monument was built with the man power of tens of thousands of slaves.

Below the Colosseum were numerous rooms and **underground passages**. Here is where the animals and gladiators were kept, waiting to meet their fate in the arena above.

There were also **36 trap doors** in the arena for special effects!

This brilliant building had 80 entrances and could seat approx 50,000 spectators who would watch sporting events and games.
